

SUPERIOR QUALITY EXPRESS DELIVERY

Universal Blower Pac's EXP II has provided a quality blower system with fast delivery for over three decades. This pre-engineered system offers the largest range of blower and motor combinations to ensure you receive the best performance at standard pricing delivered in 4-6 weeks with red expediting available as well. EXP II is designed with all the minimal system features needed as well as numerous upgrade options per your specific needs, which makes this system a competitive cost option without sacrificing quality. Choose the EXP II to meet your exact requirements, budget and express timeframe.

YOUR PAIN	OUR SOLUTION
>> Standard designs do not offer many options for my exact performance needs	>> DOZENS OF BLOWER and MOTOR COMBINATIONS offered
>> Customizable systems have long delivery times	>> PRE-ENGINEERED, NEMA FRAME SOLUTIONS for fast delivery
>> Standard systems tend to skip on superior engineering	>> EXP II ENGINEERING includes heavy steel base; dual slide rails for easy tensioning and dual silencer support straps
>> Standard systems do not offer much in features	>> NUMEROUS OPTIONAL FEATURES (<i>see back of flyer</i>)
>> Fast delivery systems tend to be poor quality	>> UBP STANDARD SYSTEMS DESIGNED FOR QUALITY & PERFORMANCE with full grade silencers, rugged flex joints and equipped for outdoor installations

ALL THE ESSENTIALS FOR AN OPTIMAL SYSTEM. FAST. QUALITY PERFORMANCE & OPTIONS.
